#### A WIDE-OPEN LETTER

Specially to that Great Army of Sexually Weak Men Who have been Hoodwinked and Defrauded by the Worse than Infamous Mountebanks Who Disgrace the Medicine

Geo. S. Beck, Proprietor of "Wonder-Workers," the Greatest and Best Remedy for All kinds of Sexual Weakness that the World Has Ever Known, Throv Another Bomb into the Camp of the Sharks Who Prey upon the Fears of Weak Men, and Offers Their Victims the Benefit of His Great Remedy at Cost.

fit of His Great Remedy at Cost.

My Drag Brottens: More than 250,000 permanent cures during the past three years prove that my "Londer-Workers" are a God-send to weak men everywhere. There is not a case of Lost Manhood, Night or Day Losses, Varioocele, Sexual Weakness or Nervens Truthles of any kind anywhere on earth ino matter whether caused by overwork, self-abuse or worty; and no matter whether caused hy overwork, self-abuse or worty; and no matter whether the man be old or young that "Wonder-Workers" will fail to cure quicker and at less expense than any other remedy trade anywhere in the world if simply used (at home, at your work), one tablet at a dose three times a day. They cured me in less than one month's time, at the age of forty-four years, when I. Hie you, lacked that vitality without which a person is a man only in name, and after I which a person is a man only in name, and after I had been nearly runned by the frands and fakins who disprace the medicine business. I ask you to bear in mind that I am the only man in the world in the business who has selemnly sworn that the medicine he selfs curol himself, and that the names o buy it will be held sacred forever.

Jam the same Geo. S. Beck, living at 420 South Market Street. Springfield, Ohio, who is hated by every Electric Belt imposter. Free Sampleschemer, C. O., D. fraud, Free Prescription fakir, and Doctor by Mail humbug in Atmerica because of the manner in which I have exposed their infamous schemes. Their only object in making 'Free' offers is to get the names of men who are sexually weak so that they may harass them with their impudent letters and lying, filthy circulars; and I, here and now, again challenge any and all of these frantis and poison distributers to thoroughly sift and test my charges of low villiany and palpable fraid in any court of law or instite they may say as my charges of low villimy and palpable fraind in any court of law or justice they may select. Hyou have had any dealings with them you know that all my charges against them are true as Gospel.

1 beg to assure you on my honor as a man that no matter whether you are married or single, oil, young or middle aged; et no matter whether your weakness or nervousnes is caused by over-work, too frequent indulgence in legitimate sexual pleasures, the practice of secret vice of the excessive use of strong drink or tobacco, the use of my "Wonder-Workers" will search every nerve center of your body, renew every tissue, develop every organ, strengthen every muscle, invigorate every function, and bring to you a perfect and permanent restoration of sexual strength and manly vigor. The reason why "Wonder-Workers" do this in because they are a pure Nerve Food and I onic, and because they not ont comain any phosphorus, or Spanish fly, or any other of the poisons that make the vile nostrums sent out by the frauds and quacks od dangerous to human life. It is perfectly safe to use them at any time or under any circumstances, and their use will not fail to restore natural sexual strength and vigor without any trace of ercitement or stimulation in old or young.

Because of the wonderful ment of my "Wonder-Workers," and the fact that I treat every man as fairly in every respect as though he was my own natural brother, I have built up the largest mall-order medicine business in the world in less than three years. I dofy any man to whom I sent "Wonder-Workers" to say that I have treated him muskirly in any manner, share or form. If you order "Wonder-Workers" to say that I have treated him more active as I agree with any of its readers.

The price of "Wonder-Workers" is only One Dollar per box, always cash with order; by express at your expense. It will cost 25 cens to lift them from expresses office. If you send \$2.15 i send them by mail prepaid, thus saving you ten cents. If you have any doult about me write to any Commercial Acency, Mr

### SENATOR MASON WON IN MONROE COUNTY.

Lieutenant Governor Northcott Tried Hard to Arouse Enthusiasm for Hopkins.

#### YATES'S PICTURE WAS MISSING.

Patton Represented Mason and Made a Strong Speech in His Behalf-List of Candidates on Hand.

REPUBLIC SPECIAL. Waterles, Itl., April 12.—The Republicans of Monroe County to-day, in a conven-tion devoid entirely of spirit, excepting a sharp exchange between two visiting spellbinders, gave the State delegation to Senator Mason, whose friends also constitute a majority of the delegation to the Scnatorial Convention.

The feature of the day was the speeches of Lieutenant Governor Northcott, the acor Leddenant Governor Northcott, the ac-credited representative of Congressman Hopkins, and the response of H. Dotsey Patton, the Mason agent. A part of North-cott's speech was leveled at Mason, ac-cording to the general belief, but it was by inuendo. After laudatory references to all the candidates for Senator, he closed with Hopkins, and in civing his concreswith Hopkins, and, in giving his congressional record during the recent Spanish and Philippine war, he eulogized Mr. Hopkins in the strongest language he could command, It was the emphasis Mr. Northcott placed on the personal pronoun that cut the friends of Senator Mason, Reference to Hopkins.

"He always has been found supporting the President," asserted the Lieutenant Governor, with ringing emphasis. "He was the friend and confinante of our beloved McKinley. No war measure was proposed that did not meet his sunction. He was one of the ablest advocates and supporters of President McKinley when he wanted the \$0,00,000 for an emergency war fund. Presi-\$50,00,000 for an emergency war fund. President McKinley had no warmer or more influential friend in all his Cuban and Philippine policy than Albert J. Hopkins."

It was expected that Mr. Patton would pay some attention to the subtle references of the Lieutenant Governor, and he did so in the briefest manner possible. As Mason's name had not been mentioned it was a delicate matter for Mr. Patton to approach. In his introductory Mr. Patton spoke with great feeling when he said he "could not permit anything to be said in his presence derogatory to Senator Mason, even by inuendo."

Spoke for Mason.

Spoke for Mason.

Spoke for Mason.

"Senator Mason," angrily declared Patton,
"has the respect and friendship of his every
colleague in the Senate. He has done
nothing that challenges your opposition, and
his record is a sufficient warrant for your
fullest confidence and support and indorsement. He is the second Stephen A. Dougias of Illinois. They say his relations were
strained with Mckinley. They tell you
something that is false. They say that he
did not give McKinley loyal support during
the Cuban and Phillippine war. That also
is false. It is true there were some minor
differences between the two, but they were
reconciled quickly and without a particle
of friction, and President McKinley had no
more loyal friend and no abler supporter
on the floor of the Senate than Senator
Mison."

Mr. Patton then proceeded to give a full

Mason."

Mr. Patton then proceeded to give a full account of Senator Mason's senatorial record during the war. He apologized for the absence of the Senator, stating he had been sent to Waterloo as his substitute.

Speeches were also made by Mr. Rodenberg and Judge Slater. The latter was temporary chairman of the convention and in the course of his remarks he culogized all the Republican office holders of prominence. His mention of Yates was received by appliance of Mr. Northcott only. The convention was not at all responsive to the Yates proposition.

proposition.

Rebuke to Bollinger.

FOR JESUIT SCHOOL.

The result of the convention is a stinging rebuke to former Senator A. C. Bollinger, who has set himself up as the boss of the county. He attempted to defeat references to Mason and Culiom, and he wanted a stronger patagraph on Yates. The reference to the Senators Indorsed them "as the exponents of Republicanism," and commended Culiom for his interstate commerce food and pure-flour measures, concluding with this sentence:

"The re-election of Senator Mason meets with the approval of all the Republicans of Monroe County."

Governor Yates was given a lengthy and very complimentary mention as recompense for the two places filled at Chester by Monroe County (county in the supervisor of the

two of the others are friends of the Senator.

Yates's Picture Missing.

The convention was held in the Circuit Courtroom, which was decorated with portraits of McKinley, Roosevelt and Rodenberg. The face of the Governor was conspicuous by its absence. Judge E. P. Slate was temporary and D. D. Cullen permanent chairman and Editor Voris, editor of the local Republican organ and Postmaster of Waterloo, secretary, with R. P. Brugel as assistant. Judge Slate delivered a long speech of thanks, the burden of which was that there must be no instructions for anybody but Rodenberg.

The distinguished visitors present included, besides those mentioned, Henry C. Begole of Belleylle, candidate for State Treasurer, who will get the entire Monroe County delegation; W. R. Kinnzey of Tamaroa, candidate for Superintendent of Schools; R. C. Brown of Springfield, Mr. Jeffries, Superintendent of Rural Postal Routes, and Messrs, Larkin and Harms, the Monroe County employes at the Chester institutions, Senator Begole received assurances at Morrison yesterday that he will have the solid delegation of fourteen from Whiteside County.

# AGAINST BARTHOLDT

Boom Is Launched at a Conference\_at the Southern Hotel.

CONFIDENTIAL

Jury Commissioner Stands Guard Over the "Boys" - Money Will Be Spent-Bar-

tholdt's "Angel."

After a month spent in "figuring," it has been decided to run Joseph Flory for the Republican congressional nomination in the Tenth District. A conference held at the headquarters of the National World's Fair Commission yesterday afternoon was attended by enough of the practical politicians from the city wards in that district to assure one of the hardest fights ever seen in

.The conference was typical-both inside and outside the private office of Mr. Flory. At 1 o'clock the politicians opposed to Congressman Bartholdt's renomination began to gather. They remained until 5 o'clock

fixing up plans which are to bring Mr. Bartholdt back from Washington. Exact information concerning the plans which were made at the conference were hard to get for many reasons. For one, every man who attended and who could be found afterwards denied having been at any such meeting. Lookouts who were stationed in the corridors of the hotel could not keep track of the escaping conferees owing to the fact that every door in the hotel was used in eluding possible apponents. Yet the fact remains that Flory will run for Congress-unless he receives a good appointive

Weinbrenner on Guard.

Weinbrenner on Guard.

Of course, the meeting was confidential.
Yet, some way or other, George P. Weinbrenner, applicant for the United Stares marshalship and friend of Congressman Bartholdt, found out about it. He strolled into the hotel about half rast 4, and awaited developments. He had not been there five minutes until Louis (Tub) Becker of the Seventh Ward came down the elevator the Seventh Ward came down the elevator and daried out of the main entrance on the Walnut street side of the hotel. Weinbrenner smiled. He selected a seat and watched that elevator like a spoiled and watched that elevator like a speiled child. On the next load Fred Smith of the Twenty-fourth Ward stepped out and made for the Fourth street door. He brushed past Weinbrenner, who laughed and compelled recognition by calling out: "Hello, Fred!" Fred did not stop to give particulars concerning his health.

On the next load a party of four or five alighted on the parlor floor, remarking that they were going to attend a meeting around on the west side of the hotel. Instead, they

on the west side of the hotel. Instead, they went down the ladies' stalrway and walked quickly out of the Wainut street side. In this "bunch" were John B. Owen of the Sixth Ward, Louis P. Aloe, Election Commissioner, and of the Twenty-eighth Ward; Doctor Max C. Starkloff of the Eleventh Ward and others. Last of all. Joseph Flory came down the elevator to the ground floor

and went out the Broadway entrance. The process of dispersion occupied about ten minutes.

Sam B. Stannard of the Nineteenth and Theodore Knibfell of the First will help the Flory movement. Flory's friends claim that Colonel Kerens knew nothing about yesterday's meeting. Bartholdt's friends claim that the National Committeeman is back of the whole movement. Colonel Kerens himself says that he is not mixing in congressional politics. in congressional politics.

Money Will Flow.

It is not stated whose "barrel" has been tapped by the Flory interests. They claim that he will not throw them again by going after the marshaiship and say that unless he is "good" he will be an orphan among the factions. Bartholdt's main sinews of war will com-

Bartholdt's main sinews of war will come from the breweries. Otto Stifel, president of the Brewing Association, is the "angel" in the wards in the north end of the city. He is said to have offered to give or raise \$5.000 for primary registration in the interest of Bartholdt. That money looks very nice to the "practical" ones on both sides of the fence. At present the prospect for the "boys" living in clover during the next month seems excellent.

METHOD OF REMITTING MONEY. Advantages of the System Adopted

by the Express Companies.

It may be of interest to know that the rates to the public for all kinds of money orders are exactly the same. The National Express Company claims that it is cheaper to use an express order by reason of its greater advantages. This company states that express money orders require no written application, and cases where orders are incorrectly drawn and payment delayed for such reasons are practically unknown.

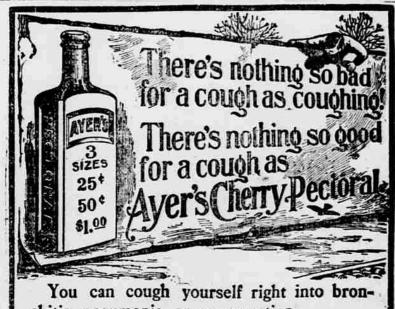

Express money orders are paid immediately upon presentation, there being no occasion to wait for any information or advice. Again, an express money order is payable anywhere at any office. This plan makes the order acceptable to the merchant or the banker, where the payee is known. These orders are negotiable and may pass through any number of different hands and no limit as to time of payment is made. If the express money order is lost, destroyed or stolen, either the purchaser, payee or indorser may apply at once for refund, and as quick as such application can be sent to the company's headquarters for approval, the refund is promptly made or duplicate issued without charge, causing no further delay or inconvenience. It is this superiority of system that makes express money orders preferable and cheaper. by the Express Companies.
